

COMMON MUTUAL FUND TRANSACTION SYSTEM

Fin NetAnintegrated solution developed by CAMS and Karvy, FinNet empowers Distributors andIFAs to cut across geographic barriers and access information relating to, and transacton the schemes of over 35 Mutual Funds through an Internet enabled user interface.

Fundsnet

At the following Fundsnet distributor locations, you can submit transactions tillthe cutoff time. Please note that Fundsnet locations are not CAMS locations; theyare simply locations that have the ability to scan transactions to CAMS. These locationsmay not be able to provide post sales service. Not all Funds may be available viaFundsnet. CAMS takes no responsibility for transactions submitted to these locations

CAMS offers a suite of services that gives you real time information on client activity, and allows you to manage your client base to maximum effect.
